

New Elkay Warranty

1 Warranty

1.1 Subject to clause 1.2 the Company warrants that the Goods will correspond with their Specification (if any) at the time of delivery and will be free from defects in material and workmanship for a period of thirty-six months from the date of manufacture. For selected Elkay products they will be warranted for 72 months from the date of manufacture.

1.2 The Company shall have no liability for defects in the Goods arising or resulting from: -

1.2.1 parts, materials, or equipment not manufactured by the Company in respect of which the Customer shall only be entitled to the benefit of any such warranty or guarantee as is given by the manufacturer to the Company.

1.2.2 fair wear and tear, improper or inadequate installation, use or maintenance, accidental or willful damage, negligence, abnormal working conditions, failure to follow the Company's instructions (whether oral or in writing), misuse or modification or alteration or repair of the Goods by unauthorised third parties or the Customer; and

1.2.3 any incorrect Specification.

1.3 Notwithstanding clause 1.1 the Company shall be under no liability for any warranty, condition or guarantee if the price has not been paid by the due date for payment.

1.4 Except where the Goods are sold to a person dealing as a consumer (within the meaning of the Unfair Contract Terms Act 1977), the warranty contained in 1.1 is given in place of all warranties, conditions, terms, undertakings and obligations express or implied by statute, common law, custom, usage, trade course of dealing or otherwise (including but not limited to fitness for a particular purpose), all of which are excluded to

the fullest extent permitted by law.

1.5 The Company shall within the warranty period repair or at its option replace any defective Goods where such defects appear under proper use provided that the Company receives written notice from the Customer of any alleged defects and the Goods are returned by the Customer to the Premises before the expiry of the warranty period.

1.6 Repaired or replaced Goods shall be redelivered by the Company free of charge to the original point of delivery. Repaired or replaced Goods are subject to these Conditions except that in the case of repaired goods, the twelve-month period referred to in Clause 1.1 shall be replaced by the unexpired period of the warranty.

1.7 The Company shall at its sole discretion be entitled to supply an advance replacement of the defective Goods. For the avoidance of doubt, it is confirmed that the Company has no obligation to supply an advance replacement of the defective Goods. If an advance replacement is supplied, and the Goods are not defective the Customer shall be liable to pay the price of both the advance replacement and the Goods.
